Poll Question!

Which of the following best describes you?
Please select all that apply.

Cannabis in the Community: Personal Cannabis Activity

Poll Question!

How familiar are you with laws related to personal cannabis activity (i.e. what's legal for adults 21 and older) in California?

Personal Cannabis Activity

California voters approved Proposition 64, the Adult Use of Marijuana Act (AUMA), in November 2016. Proposition 64 eliminates the criminal consequences for personal level possession and cultivation of marijuana by persons 21 years of age or older. Subject to certain exceptions, it allows persons 21 or older to:

- possess, process, transport, purchase, obtain, or give away to persons 21 years old or older without compensation 28.5 grams or less of marijuana and 8 grams or less of concentrated cannabis;
- possess, plant, cultivate, harvest, dry, or process six or fewer living marijuana plants and products produced by the plants;
- smoke or ingest marijuana and marijuana products; and
- possess, transport, purchase, obtain, use, manufacture, or give away without compensation to persons 21 or older, any marijuana accessories.

Legal Relief & Expungement

Proposition 64 also reduced criminal penalties for specified marijuana-related offenses for adults and juveniles; and authorized resentencing or dismissal and sealing of prior, eligible marijuana-related convictions. For additional information about Proposition 64, visit <https://www.courts.ca.gov/prop64.htm>.

In California, all County District Attorney's Offices were required to implement AB 1793 which created a statewide process for automatic review of convictions that may qualify for a reduced punishment by July 1, 2020.

To find out if your record has been cleared, or for more information about this initiative, contact the Los Angeles County Public Defender's Office by phone at (323) 760-6763 or visit <http://pubdef.lacounty.gov>. The Public Defender's Office will reply to all inquiries.

Poll Question!

Do you know how to identify licensed cannabis businesses in the City of Los Angeles?

Personal Cannabis Use (What Isn't Legal)

- Public Consumption
- Driving While Under the Influence
- Travel Restrictions

Finding an Authorized Retailer

The State of California has a California Cannabis Portal to do searches for locations licensed by the state.

Be sure to check out the Bureau of Cannabis Control “Get #weedwise” campaign, which aims to educate consumers about the risks associated with purchasing and using unlicensed cannabis, and increase awareness of the benefits of licensure.

You can also check [CApotcheck.com](https://www.capotcheck.com) to verify we are licensed and our cannabis is legal

The graphic is a promotional image for the "Get #weedwise" campaign. It shows a hand holding a smartphone that is scanning a QR code on a sign. The sign also has the text "Scan to verify this license." and a QR code. The background is a blurred indoor setting. The text "Get #weedwise" is at the top in a teal font. Below the image, there is a teal box with white text that says "SCAN OUR QR CODE TO CHECK OUR LICENSE STATUS".
