Hi,

Can you please advise when did the application got approved for High Heaven?

The signed below are stakeholders of District 8 and neighbors of the proposed cannabis facility at [9154 S Western Ave](#). We are writing to strongly oppose application number 310223 submitted by High Haven LLC.

The proposed location at [9154 S Western Ave](#) seems to be in violation of Los Angeles Municipal Code Article 6 SEC. 106.04, which prohibits cannabis advertising on off-site signs within 700 feet of sensitive establishments such as schools, public parks, public libraries, alcoholism or drug abuse recovery or treatment facilities, daycare centers, and permanent supportive housing. Given the presence of a daycare facility on the corner, this location is in violation of the municipal code.

There is a drug abuse recovery/treatment facility, Maliyah's Place, at [9130 S Western Ave](#), just 2-3 doors down from the proposed dispensary. Additionally, the Al Wooten Jr. Youth Center is located at [9106 Western Ave](#). The presence of these facilities within the proximity of the proposed cannabis dispensary is inappropriate and raises serious concerns.

Our community was not properly notified of the application or our right to a public hearing. We became aware of construction activities at [9154 S Western Ave](#) and, through our own efforts, discovered that the building was intended to be a cannabis dispensary. Only one member of the surrounding community received written notice of the Town Hall Meeting on July 5, 2024. All other community members have learned of this applicant through our efforts to notify each other.

This lack of proper notification is against regulations and is unacceptable. All community members have the right to be informed about such applications and must be allowed to express their opinions on matters that impact our community.

Furthermore, the applicant's lack of community outreach suggests a disregard for our community and raises concerns about their commitment to being responsible business owners. And Stiizy's (High Haven) record exacerbates those concerns. In October of 2023, the Los Angeles City attorney settled a civil claim against Stiizy's co-founder for running an illegal dispensary in South LA; store was found to be selling marijuana to minors and to have guns on the premises. On December 12, 2023, *The Los Angeles Times* reported that Stiizy's co-founder owned 9 buildings being operated as illegal cannabis dispensaries.

There are a number of illegal dispensaries on Western Ave between 92nd and 89th St that the city has raided regularly. Ultimately there has been no permanent solution to address these issues. Putting this business in such close proximity to the illegal business will likely incur further crime and liability issues for the city.

We are also worried about crime rising, loitering, lowering the value of homes and the dangerousness of this intersection, which has been the site of fatal crashes, death and robberies. The introduction of a cannabis dispensary could exacerbate these issues.

Furthermore, this proposed location violates the Los Angeles Municipal Code SEC. 106.04, which prohibits cannabis advertising on off-site signs within 700 feet of sensitive establishments such as schools, public parks, public libraries, alcoholism or drug abuse recovery or treatment facilities, daycare centers, and permanent supportive housing, this location is in violation of the municipal code.

In conclusion, we oppose this application and demand that it be paused until the community is properly notified and given the opportunity to provide input and that this case is reviewed to ensure they comply with current ordinances.

Sincerely,

Thanks,

~Miss. Wysinger~

2024-08-02 Clovest [Memorandum in Support of Annual License].pdf

From: Clovest Retail 1682, LLC

Date: August 5, 2024

Re: Clovest Retail 1682 LLC Annual Dispensary License (LA-R-24-310158-ANN)

MEMORANDUM IN SUPPORT OF ANNUAL LICENSE

Clovest Retail 1682 LLC (“Clovest”) submits this Memorandum in support of its annual dispensary license (LA-R-24-310158-ANN) with the Department of Cannabis Regulation (“DCR”). Clovest is located at 1682 E. 41st Street, Los Angeles, California 90011 (“Licensed Premises”) and has its state dispensary license (C10-0001342-LIC) and its temporary approval from the DCR.

1) As a fully minority owned business, Clovest is proud to serve its community.

Clovest is an entirely owned minority business and has worked hard to obtain its state and City licenses to be able to provide safe, high-quality cannabis to its patients and clients. Its owners are grateful that Clovest has had positive feedback from its neighbors and the surrounding community, with many comments in support of Clovest at both community meetings with no opposition.

Clovest is dedicated to maintaining its premises in a safe, clean and attractive manner for its neighborhood, patrons, patients and employees. It has proper indoor and outdoor lighting, and the surveillance system is monitored by security personnel, recording inside and outside of the Licensed Premises in compliance with local and state law to deter general crime in the surrounding area. Loitering, littering and consumption are strictly prohibited at the Licensed Premises to avoid nuisance and maintain a safe, calming environment.

Most important here, Clovest meets all the criteria for issuance of its annual license as set forth in Los Angeles Municipal Code section 104.04:

2) None of the general denial reasons apply to Clovest under LAMC 104.04(a).

Clovest’s Licensed Premises are substantially the same as the diagram submitted to the DCR, including the size, layout, location of common entry and doorways, means of public entry and exit and limited access areas. Clovest has always provided the DCR with timely and truthful responses to requested information, forms and documents and followed the requirements of all applicable law. Clovest has never denied the DCR access to the premises, had a license revoked or denied, failed an inspection by any agency or engaged in unlicensed commercial cannabis activities. There have been no complaints filed that Clovest is aware of or any other issues that would create a significant public safety concern or was documented by law enforcement. Rather,

there were many supportive comments made for Clovest at both of its community meetings in July.

3) None of the business premises denial reasons apply to Clovest under LAMC 104.04(b).

The Licensed Premises fully comply with the land use and zoning requirements in LAMC sections 105.01-105.02 as approved by the DCR. In addition, as approved by DCR, there has not been a conviction related to the Licensed Premises regarding any type of illegal and/or unlicensed commercial cannabis activity for at least the past five years, including no utility disconnections or padlocking of the Licensed Premises. Clovest is located in the Southeast Los Angeles Community Plan Area, which has not reached undue concentration according to the DCR's licensing map. Finally, the owner and/or manager of the Licensed Premises does not hold office in any agency of the state or City related to commercial cannabis businesses.

4) None of the ownership denial or disqualification of primary personnel reasons apply to Clovest under LAMC 104.04(c) and (d).

Each owner of Clovest is an individual, United States citizen residing in California. No owner or primary personnel holds office in any agency of the state or City related to commercial cannabis activity. No owner or primary personnel has been convicted of a disqualifying conviction, including a felony involving sex trafficking, violence, crimes against children, gun crimes, hate crimes, fraud, deceit or embezzlement or a serious or violent felony. Nor has any owner or primary personnel been convicted of a crime involving labor or wage violations, illegal volatile cannabis manufacturing, selling tobacco, cannabis or alcohol to minors or regarding commercial cannabis activity after April 1, 2018. Finally, no owner or primary personnel has received a civil judgment concerning illegal commercial cannabis activity.

CONCLUSION

Based upon the foregoing, Clovest meets all the requirements for approval of its annual license under the LAMC and respectfully requests the Commission approve the issuance of its annual City dispensary license.

MIRACLE LEAF, LLC

Dear President Mason:

The Southeast Neighborhood Development Council writes to address Recommendation for ELEVATE Annual License Approval.

Esteemed Commissioners,

I hope this letter finds you well. Please accept this letter of recommendation to approve the Annual License Applications for Retail Storefront for MIRACLE LEAF, LLC (DBA "ELEVATE").

The Empowerment Congress Southeast Area Neighborhood Development Council has assessed and finds that ELEVATE is a compliant cannabis business operating within our Neighborhood Council District. Through our thorough review and engagement with the business, we are confident in their adherence to regulatory standards and commitment to the community.

During an initial site walk of the dispensary with Samantha and Chelsea, we observed that ELEVATE meets, and indeed exceeds, the standards of any high-end cannabis dispensary. The establishment maintains clean and secure premises, and we are proud to have such beautiful and safe locations in South Los Angeles that contributes positively to our region.

EMPOWERMENT CONGRESS SOUTHEAST AREA NEIGHBORHOOD DEVELOPMENT COUNCIL

Furthermore, I would like to respectfully request the Department of Cannabis Regulation to collaborate closely with the City Attorney and the Los Angeles Police Department to take decisive action against all illegal dispensaries, commonly referred to as "trap-shops," that greatly undermine the hard work and dedication of our legal cannabis businesses. These unlawful operations not only compromise the integrity of the market but also pose significant risks to community safety.

Thank you for your continued efforts and pioneering this difficult task in the great city of Los Angeles. Your work is greatly appreciated, and we look forward to your favorable consideration of this recommendation.

Sincerely,

To the Cannabis Commission:

Regarding DCR Core Record Number 310039, [6803 Melrose Ave, Los Angeles, CA 90038](#), which falls within our Neighborhood Council boundaries, I received an email from the owner, Rhavin McSweeney, on July 27, 2024 asking if she needed to appear before our board. She believed she had attended our "council" on July 5th — I explained that we had no meetings on that date.

On behalf of the GWNC, I'd like to request that the hearing be postponed until September 13 or later.

I would like for our Land Use Committee, which next meets on August 27, 2024, to have an opportunity to weigh in. (The Committee last met on July 23, 2024, prior to our receipt of Ms. McSweeney's email.). Ms. McSweeney confirmed by telephone that she is available to attend that August 27 meeting.

Any recommendation from the Committee will then be submitted to the GWNC board for a vote on 9/11/2024, and we could share our official position to you by email the next day, 9/12/24.)

Please let us know how to proceed. Thank you.
